No.5390/47-B-3 dated 20-4-49.

Sub:- Irrigation- South Kanara Dt- Coondapur Taluk- Forming a reservoir across Dasenkattahole- proposals.
Ref:- Govt. Memo No.5518-N-47-1 dated 30-9-47

Sir,

With reference to the above Memo, the Superintending Engineer has examined the feasibility of providing irrigation facilities to the area referred to in the petition. The proposals is to form a reservoir across Dasenkattahole a tributary of Haladi river in the limits of Kulinji and Haladi villages in Coondapur Taluk, South Kanara District. The capacity of the reservoir will be about 3000 M.Cft and a canal 19 miles long taking off from the left, will irrigate the proposed area. The cost will be roughly Rs 60 lakhs.

2. The project will benefit about 10,000 acres of II crop and about 2500 acres of I&I crops in Udupi and Coondapur Taluks. The yield of additional food grains will be about 5,00 tons of rice.

3. The Collector of South Kanara has reported that the ryots of Coondapur Taluk are willing to pay water rate of Rs 10/- per acre and also a betterment tax of Rs 200/- per acre. It is stated that the ryots of Udupi Taluk did not attend the conference held on 8-12-9. Adding the above water rate and inclusion fee, the return on the scheme will be about 8.1%.

4. The scheme will yield a fair return and has also [illegible] value besides benefitting a District which is economically backward. I am therefore asking the Superintending Engineer to take up the detailed investigation with Special Sub-Division already sanctioned with headquarters at Coondapur in G.O.No. MS 1038 P.W. dt 27.8.48.

I request that my action may be approved.

In continuation of the G.O cited the Accountant General is informed that the approximate expenditure on the detailed investigation of the above scheme will be about Rs 2,500/- The expenditure is chargeable to "18 Irrigation - O.R.E. financed from ordinary revenues - Miscellaneous expenditure - other charges

To.
The A.G.,
Madras.

Note:

Please see the C.E's report on pp 1-3 c/f with reference to orders in para 3 of G.O. 2058 P.W.d 4.6.49. The information about 2.4%.

The scheme is not included in the list of G.I.F. approved by the Govt. of India. If it is found feasible after investigation, it may then be included in the list and the Govt. of India's approval obtained. In view of the low return the scheme will then be eligible for a subsidy from the Govt. of India. If this is taken into account the return will be higher

than that mentioned at "A" on p1 above. The C.E. has also pointed out that besides its G.M.F. value the scheme will benefit South Kanara Dt. which is an economically backward District.

4. The Board's remarks on the revenue aspect of the scheme have not been obtained. But in similar cases, it was considered unnecessary to obtain the Bd.'s remarks for sanctioning detailed investigation (vide para 4 on p.2 n.f. of G.C. No. 931 P.W., dated 17-3-48). The investigation of the present scheme is to be taken up with the Special Sub-Division already sanctioned in G.C. No. 1056 P.W., dated 27-3-48, and hence no special staff is necessary for it.

5. In the above circumstances, it seems unnecessary to obtain remarks of the Bd. of Rev. for sanctioning the investigation of the scheme. The proposal of the C.E. may be accepted and his action in having instructed the S.E. to take up the investigation in anticipation of orders of Govt. may also be ratified.

Subject to approval a draft order is put up. Revenue and Finance may see for acceptance before circulation.
